(Table on Left side of form field):
Headline: Superior PR Software for Enterprise Tech

Every Other PR Platform	TechNewsPro
Low IQ on the enterprise tech industry	Purpose built for enterprise tech PR teams, and deeply focused on the massive ecosystem covering IT infrastructure, developers, security, AI and much more.
Poor capture of "new media"	Not just business press, trade press and analysts - but podcasts, Youtube, Substack, Medium and more.
Designed for spamming media	Designed for identifying important influencers, analyzing content, and building relationships

Bottom of page: Category leaders using TechNewsPro because our data on the enterprise tech market is superior:
(Cisco | HPE | Crowdstrike | etc.)
